

P5 ESTIMATOR | SYNTHETIC QA

Three owner-supplied interior lever handles

Handyman work in Boise, Idaho: replace exactly three existing interior door lever handles with three owner-supplied matching passage lever handle sets. Existing holes, latches and doors are sound; no door replacement, drilling, painting, trim repair or locksmith work. Include removal of old handles, installation, adjustment and functional testing of all three sets, small debris removal and cleanup. All parts are provided by owner. Single visit, ground floor, ordinary access and normal working hours. Exclude all other work.

SCOPE SKETCH / QUANTITY REFERENCE

3 owner-supplied passage lever sets

Replace handles only, not doors

Test operation and clean up
